Endocrinological Educational Center

Endokrinologické vzdělávací centrum

Lokalita:	Moskva, Ruská federace
Doba plnění:	2009 - 2014
Popis:	<p>Na tomto projektu jsme se podíleli od samotného začátku, kdy jsme zpracovali požadavky centra na lékařská zařízení a technologie, návrh projektu, projektovou dokumentaci a dokumentaci pro provedení stavby. Po ukončení stavby budovy vzdělávacího centra jsme s využitím vlastních výrobků a systémů realizovali vestavbu čistých prostor. Následně jsme dodali a naistalovali komunikační systém sestra – pacient a rovněž vnitřní systém zásobování medicinálním plynem.</p>

Endocrinological Educational Center

Locality:	Moscow, Russian Federation
Implementation term:	2009 - 2014
Description:	<p>We were involved in this project from the very beginning when we elaborated the center's requirements for medical devices and technology, project's concept, project documentation and implementation documentation. After the building's construction was finished, we built the center's clean rooms, using systems from our own manufacture. Afterwards, we delivered and installed nurse-patient communication system as well as internal medical gas supply system.</p> <p>Company BLOCK, through its local affiliate OOO BLOCK realized the complete portfolio of the medical technologies, equipment and medical furniture in the highest level of quality present on the market at this period. In the scope of works were included for example:</p> <ul style="list-style-type: none">▪ Sterilizers Sterrad 100NX DD▪ Biochemical analyzers modular Architect c8000 module▪ Imunochemical analyzers modular Architect i2000sr▪ Biochemical and imunofermental analyzers DRG Hybrid XL▪ Steam sterilizers UNISTERI▪ Operating tables ALPHAMAXX 1133▪ Hot-air sterilizers STERICELL▪ Washing and disinfection machines Miele G 7883CD▪ Washing and disinfection machines KEN 736-OS▪ Medical compressors DK 50 plus S▪ Microscops Olympus▪ Haemathology analyzers Galileo▪ MRI GE▪ Computer tomography GE▪ C-arm RTG GE▪ Pulmonary ventilators Draeger Oxylog and Babylog▪ Electrical beds LINET Eleganza Smart Junior▪ Karl Storz Endoscopy units

Институт детской эндокринологии ФГБУ «ЭНДОКРИНИЛОГИЧЕСКИЙ НАУЧНЫЙ ЦЕНТР» минздравсоцразвития России

Место: г. Москва, Российская Федерация

Срок исполнения: 2009 – 2014

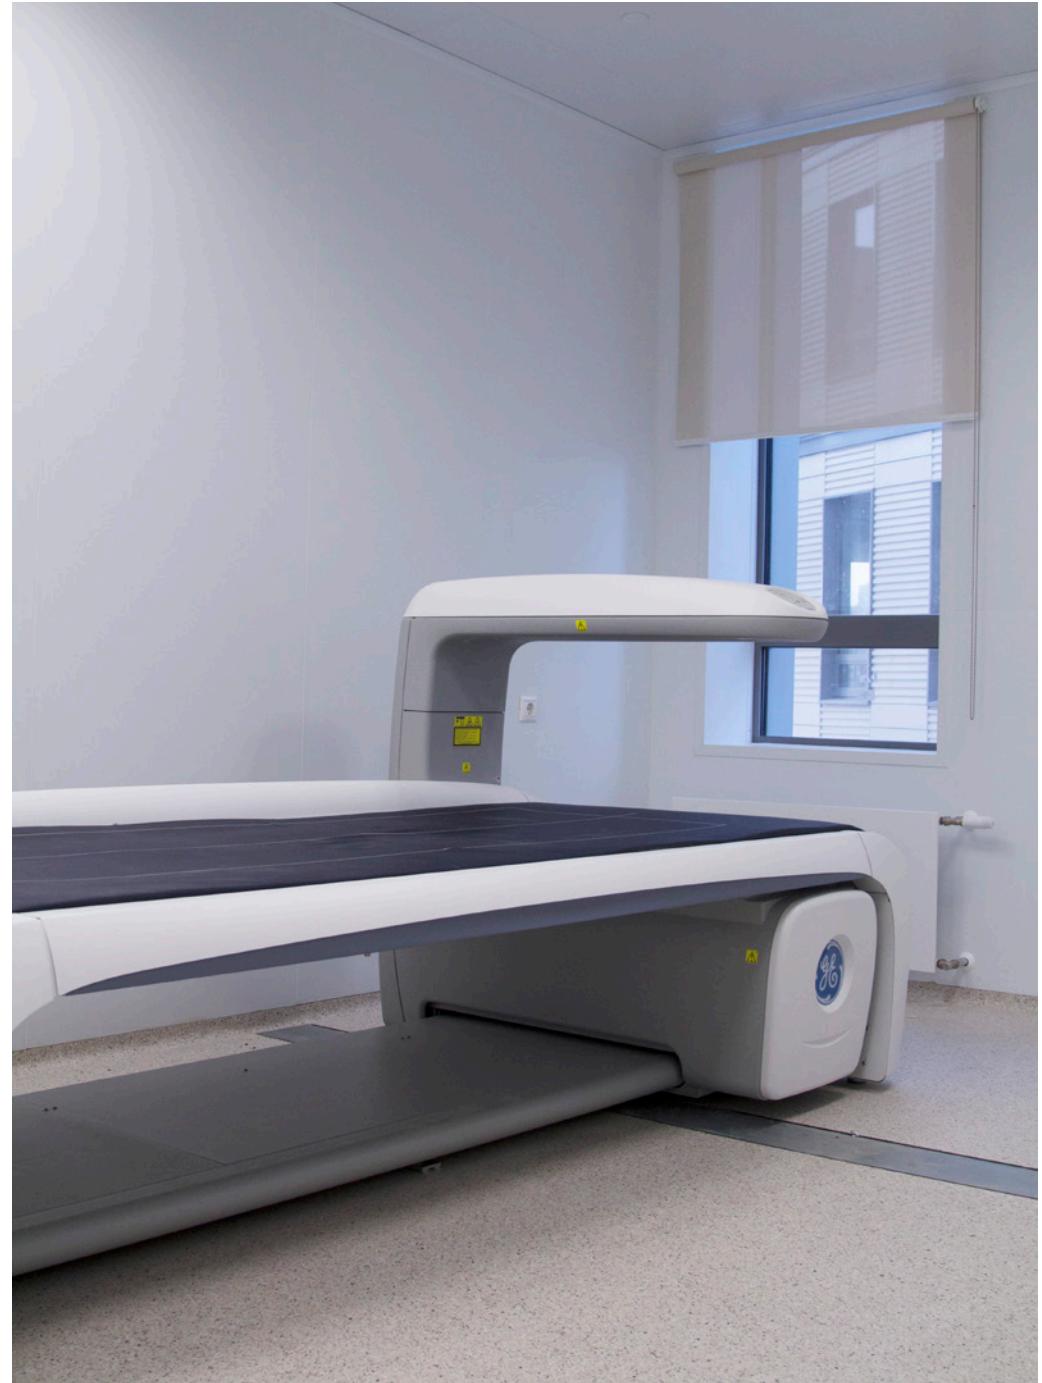

Описание: В этом проекте мы принимали участие с самого начала, когда мы разработали требования центра к медицинскому оборудованию и технологиям, предложение проекта, проектную документацию и документацию для реализации строительства. После завершения строительства здания образовательного центра мы с использованием собственных изделий и систем создали встроенные чистые помещения. Потом мы поставили и установили систему связи медсестра-пациент, а также внутреннюю систему снабжения медицинским газом.
